LEGAL REPRESENTATION

Staff attorneys help survivors access justice by providing representation for child support, divorce, custody and immigration matters.

COMMUNITY EDUCATION

To build healthier, stronger families and communities, our team provides education on issues that impact refugee and immigrant communities, including human trafficking, domestic violence, life skills for youth substance abuse prevention and more.

WHO WE SERVE

Mosaic supports, educates, and empowers the multicultural communities of North Texas. Through comprehensive social services and educational programs, we create access to opportunities for survivors of human rights abuses and equip youth with skills to become leaders in their own diverse communities.

DOMESTIC VIOLENCE SURVIVORS

Domestic violence affects people of all backgrounds, but women and children within immigrant communities are exceptionally vulnerable to abuse. Many of our clients come from countries with no laws (or enforcement) against domestic violence and may face additional barriers to leaving violent relationships.

TRAFFICKING SURVIVORS

Human trafficking is modern slavery, widespread around the world, including here in North Texas. Mosaic has served hundreds of women, men and children who found freedom after being exploited and controlled through force, fraud or coercion.

REFUGEES

A refugee is a person who has been forced to flee his or her country due to war, persecution or violence because of their race, religion, nationality or political group. Ethnic, tribal and religious violence/war are leading causes of refugees fleeing their countires.

10,000 Each year, Texas resettles approximately 10,000 refugees, who arrive fleeing unrest.

1 IN 4 In the U.S. and around the world, 1 in 4 women will experience domestic violence in her lifetime.

27 MILLION An estimated 27 million people worldwide are held in slavery today.
